ALL THE SINGERS WERE NOT TAKEN

HAWAIIAN HOTEL HAS ARRANGED TO HAVE CONCERTS EACH FRIDAY EVENING.

Concerts at which Hawaiian music shall be the feature have been planned by Manager Bews of the Royal Hawaiian Hotel, to fill in part the gap made by the departure of the Hawaiian Band for its mainland tour. That the effect may be most lasting in the minds of newcomers, these events have been planned for the Friday evenings of the summer, after the arrival of the Alameda. In this manner it is hoped to, in fact, fill in the gap made by the absence of the Berger musicians.

The concert will be under the direction of Ernest Kaal, who has gathered together a really fine organization. The combination of Cunha and Ellis to effect the glee club for the band took many of the best known voices, but Kaal has for some time been getting his signers and players into shape for just such an emergency and now believes he has as creditable an organization as can be brought together here.

In addition to the usual orchestral and chorus numbers there will be introduced from time to time certain vocal and instrumental solos, Kaal contributing mandolin and guitar numbers and the vocal solos bringing out the best known Hawaiian singers.

The concert will begin at 6:30 o'clock and after dinner the quintette club will play for dancing until 11:10 o'clock. While the concerts and dances are given for visitors primarily, the Hotel will have as hearty a welcome for its friends in the city as ever, and special arrangements will be made for the comfort of everyone.

MAUI CATTLE LOOKING WELL.

J. H. Mackenzie of Waterhouse & Company returned this morning from an extended tour of Maui plantations. He was accompanied by Bruce Cartwright, Jr. Mackenzie says that the feed about the various Maui ranches is good and the cattle are looking fine. The pair returned this morning by the steamer Claudine.

NICK AND HIS PEOPLE.

Czar Nick found it eminently difficult to pass out a stone to the Russian people with a brand label on it. They promptly detected the fraud and are demanding the real thing.

HOW THE CITY LOST ITS WATER SUPPLY

DUE TO A SLIP FAULT BETWEEN SEDIMENTARY AND SANDSTONE FORMATIONS—LAKE MERCED WATER WAS WHAT SAVED THE ENTIRE WESTERN ADDITION—MERCED LINE WAS REPAIRED AFTER 60 HOURS CONTINUOUS LABOR.

SAN FRANCISCO, May 13.—San Francisco was receiving a water supply of 36,000,000 gallons daily at 5:13 o'clock on the morning of April 18th; less than one minute later that entire supply had been shut off, and all the city had to depend upon to fight a disastrous fire and slake the thirst of its half-million people was 90,000,000 gallons, stored in the reservoirs of the city, and this was wasted rapidly through breaks in the city's distributing system. This condition was brought about by some internal domestic disagreement between Old Sandstone and Young Sedimentary and now that Sedimentary has found its place and is settling into it, the like disagreement may not occur again in ages. It is nothing to be alarmed at, for disagreements occur in "the best of regulated families."

BEN BUTLER AND EARLY HAWAII

SECRETARY LYDECKER DISCOVERS A LETTER WHICH TAKES THOMAS J. FARNHAM OUT OF THE GRAFTER CLASS, BUT DOES NOT SHED ANY LUSTER ON BEN BUTLER. AFTERWARDS FAMOUS IN WAR AND POLITICS IN AMERICA.

Secretary Lydecker of the Archives commission has been digging up some interesting correspondence regarding Hawaii's first envoy to foreign countries, Thomas J. Farnham, and has run across correspondence which shows General Benjamin F. Butler, the famous American soldier and politician, in a not very favorable light. Recently correspondence was published showing that Farnham failed to make any showing of work after leaving here, and the suggestion was made that Hawaii's first envoy appeared to be in the gruffer class, having taken the funds supplied for his work without doing anything. Now a letter from Farnham has been discovered, in which he explains that he could not get any money out of Butler and says the latter was too busy doing politics to attend to his work for Hawaii.

The sum of \$1,500 was sent to Butler, who was Hawaii's representative in America, and Farnham was supposed to get money from Butler. Farnham left here in 1840, to go to Europe and establish diplomatic relations, but he never accomplished anything. According to the letter now received, it was because he could not get anything out of Butler. Under date of June 17, 1841, he wrote as follows:

"After long and vexatious and unpardonable delay on the part of B. F. B., I have received my credentials. Since that I have waited for means with which to enter upon my duties and he has been wholly engrossed in politics to the almost total neglect of the important trust imposed upon him by the islands."

"I was in New York about three or four weeks ago and was assured by B. that he would exert himself to sell the bills. I was assured by the secretary of the that if anything could be done by them it would be done, but I have no expectation that anything will be effected."

"B. is too indolent and the are men who know nothing of the benefits which would accrue to Hawaii from being received into the councils of the nations," says the letter. The term "....." is one of many indefinite ones in the letter, and is supposed to mean "ring." Farnham says that nine months of delay "have taken from me much of the confidence I felt in the philanthropy of B. and the apathy manifested by the A. has led me to the conclusion 'that if anything is to be done for the restoration of Hawaii and towards giving her a place among the nations, it must be done by those individuals who were assembled once and again under the influence of holy emotions of benevolence and good will to men, in the King's bedchamber at Lahaina.'"

This last remark is taken as setting a disputed question as to whether Farnham was ever in Hawaii. It indicates a knowledge of secret meetings in the islands which answers the question in the affirmative. Dr. Alexander and Lydecker have both tried to decide what is meant by "A.," but are unable to do so. The last letter may be a "g."

Farnham tells of correspondence with Secretary of State Daniel Webster, a personal friend, and of other efforts to aid Hawaii, also of interviews had by one Baird, an agent of the Board of Missions, with Louis Philippe of France. Baird sprung an anti-Catholic proposition which angered the French king and did much harm, says the letter. Another reference to Benjamin F. Butler says that he will "not attend to business."

KUHIO'S WORK FOR THE REFUNDING BILL

HAS SECURED IMPORTANT RECOGNITION FOR IT IN THE HOUSE COMMITTEE ON RULES—FORAKERS' WORK IN THE SENATE—PRESIDENT ROOSEVELT SHOWS HIS INTEREST IN THE BILL—MUCH HAWAIIAN LEGISLATION IS MAKING GOOD PROGRESS.

Washington, D. C. May 12, 1906. HAWAIIAN STAR: The work for the revenue bill has for the past few weeks been going through one of the most trying stages—that of seeking to maintain interest and gain ground while still compelled to await out turn for consideration.

With the big appropriation bills holding the right of way in the house, we could not expect to secure immediate consideration of the bill; our work on the measure has however been continuous, and has at last led to some very definite encouragement. It has been increasingly apparent that we could probably get the bill up only by securing a special rule for that purpose from the rules committee. We had

wrong shop. Not realizing this he started in to make the Chinaman furnish him with a hat. A row ensued during which the Chinaman alleged that he was struck with a chair. Nicholson promised to be good hereafter and he was allowed to return to his ship.

A sailor by the name of Cavoro for the fifth time was up before Judge Derby for drunkenness. The last time he was up he was allowed to go as he had shipped on the good ship Dirigo and would leave the country. But the ship sailed without him and feeling so

good over the fact he started out for another good time. "I warned you before," quoth His Honor "here is where you get it." Ten day and costs were imposed.

A number of other sailors were up for drunkenness.

The cases of the sixteen Chinamen arrested for gambling yesterday were continued until Saturday morning.

MAUNA LOA SAILS TOMORROW. The steamer Mauna Loa will sail tomorrow at noon for Maui and Hawaii ports.

MORGAN IS CLOSING RELIEF WORK

(Continued from page one.)

"The Army maintains a camp at Buehah Park, where are sheltered some 450 women and children.

"Amongst persons receiving assistance from the Army, are some 75 Chinese.

"Some 6000 garments, mostly for women and children, have been distributed.

"A temporary building is being erected in San Francisco, where shelter will be afforded workmen.

"Oakland Relief Fund:—During several visits to Oakland, I went into the matter of funds of the Relief Committee there and ultimately donated the sum of \$2500.

"At present writing, the Committee is feeding some 18,000 persons.

"There is a total of about 6000 people in camps.

"The Committee informed me that all those receiving help are refugees from San Francisco.

"Monetary assistance has been promised from the San Francisco Committee, but at present, the Oakland Relief Committee is very short of funds.

"San Francisco County Medical Society:—I have donated to this cause the sum of \$1000.

"I consider this fund, established to assist physicians who in nearly every case have lost their instruments and libraries, to be a very worthy one.

"Associated Charities:—I have called on those in charge of this work, and was informed that at present they were taking up the subject of caring for young children and placing them in homes so that parents might be able to obtain work.

"The cost of care of a child per month is \$12, of which the State will pay \$6.25, and it is expected that the general Relief Committee will pay the balance.

"Should this be the plan adopted, I will contribute to the general Relief Committee and not to the Associated Charities.

"Santa Rosa:—Not having the time to personally visit this city, I sent Mr. J. W. Doyle, who spent two days there.

"I enclose his report, and a letter I have received from the Mayor of this city, showing that the place is not short of funds.

"Hospitals:—Visits have been paid to 15 Hospitals in this city, and we have not yet found a record of any person from Hawaii having been, or now being, cared for.

"The balance of the Hospitals here will be visited this week.

"Most of the Oakland Hospitals have been visited, and we have not found any one from Hawaii reported.

"General Relief:—We have calls from a great many persons who years ago resided in Hawaii, or who have friends who were or are now living there, and who while now receiving aid from the general Relief Committee of this city, insist that as Hawaii has sent here a lot of money, they should receive from this fund everything they ask for.

"My policy has been to endeavor to make even those whom I think should be assisted, start in to assist themselves, and by receiving reports from them from time to time, stand ready to assist them.

people, but that they should defer their from men who are at work and receiving pay, who wish to send their families to Honolulu.

"These, I have investigated and finding that the persons are well cared for, I have decided that this fund should not pay for transportation for such people, but that they should defer their trip until such time as they can pay for it themselves.

"It may be possible, that assistance will eventually be given to some of this class of applicants who are really deserving, but had I acceded to requests in this line, that were made to me during the first ten days I was here, the fund would have been rapidly depleted, as news of assistance given to any one, spreads rapidly, and it is surprising how many will call and ask, simply because 'so and so received aid.'

"There are complaints from some who think that because some of their friends contributed to the fund in Hawaii, they here, should certainly be granted any aid that they might ask.

"Well, in taking charge of affairs here, I certainly expected quite an assortment of 'kicks,' and have not been disappointed.

"There are about fifteen native Hawaiians here, who were undecided as to what they wish to do.

"Some wish to join the band when it arrives here, and two wish to return to Hawaii.

"Tomorrow I will send Mr. Doyle to place four of them at work amongst the ruins.

"Two wish to go to Los Angeles, and one to Seattle, and as soon as I can get assurance that they will have employment, I will send them there.

"I have published notices that the Hawaiian Relief Bureau will be closed on and after May 25th.

"I do this for several reasons, amongst which are these:

"I have a record of all whom I consider should be helped.

"I intend leaving for New York on May 31st, and while I will attend to relief matters up to that date, yet I wish to bring out the fact that there will be a definite date when this Bureau will close, and cause applicants for relief to come in, so that I may decide their requests before I leave.

"The car service is being rapidly extended, and I have been able to dispense with a carriage for our work.

"Mr. Doyle will return to Honolulu by the steamer Alameda leaving here on the 19th inst.

"Further Contributions:—I have not reached my 'Manchuria' mail yet, and have not on hand the \$5000 which you called me had been sent.

Unless I decided on assisting some worthy cause, of which I have not in-

vestigated as yet, I shall, after retaining a sum to be kept here for the relief of people from Hawaii, turn over the balance to Mr. Phelan for the General Relief Committee of this City.

"On receipt of the money by the 'Manchuria,' it will make a total of \$45,000 received from Hawaii, and I think that we have shown our sympathy and good will towards our friends and neighbors, and active collection of subscriptions in Hawaii could cease. 'Any contributions coming in, could be sent to Mr. Phelan for the Red Cross and Relief Fund.

"Mr. E. A. Friess leaves for the East tomorrow, and I shall call on him at Oakland and express the thanks of Hawaii's population for his good and thoughtful work in our behalf.

"I have endeavored to cover all subjects in this letter, but I must say that writing here by candle light does not encourage me to more writing than is necessary.

"With regards to yourself and the members of the Committee, I remain, 'With regards to yourself and the 'JAS. F. MORGAN.'

WASHINGTON NEWS

The cablegram received on Wednesday relative to the passage of the refunding bill was good news for the Territory. And the seventy-five percent of the income from federal departments is to go toward building improvements. That means that Honolulu in particular is to be a busy place for years to come. Business in building means business in everything else for where one line is benefitted another also gets results. The demand for pure articles in the drug line will increase and we will profit by it—our goods are fresh and they are as pure as purity itself. Another bit of news was the finding of the Russian blockade runner in the Arctic but it had a ghastly phase that gave one the creeps. It would not be surprising to hear by next mail that in the locker of the vessel was found a number of tins of Taroena and a letter of advice to the druggist to buy his drugs at Hobron's Drug Store.

MORGAN SHUTS UP SHOP

An advertisement appears in the San Francisco papers announcing the discontinuance of the Hawaiian Relief headquarters after May 25.

FRISCO STOCK EXCHANGE.

The San Francisco Stock Exchange was announced to resume business five days after the banks opened for business. This would be May 28.

SEATTLE NOT REPRESENTED.

SEATTLE, May 16.—Seattle will not be represented in the Trans-Pacific yacht race, which starts from San Francisco on a course which ends at Honolulu. Fred S. Stimson, owner of the Bonita, the fastest yacht in this city, has decided not to enter her in the race.

HALEIWA.

The Haleiwa Hotel, Honolulu's famous country resort, on the line of the Oahu Railway, contains every modern improvement and affords its guests an opportunity to enjoy all amusements—golf, tennis, billiards, fresh and salt water bathing, shooting, fishing, riding and driving. Ticket, including railway fare and one full day's room and board, are sold at the Honolulu Station and Trent & Company for \$5. For departure of trains, consult time table.

On Sundays, the Haleiwa Limited, a two hour train, leaves at 8:22 a. m.; returning, arrives in Honolulu at 10

Fine Job Printing, Star Office.
